

iQ NOW MOBILE APP

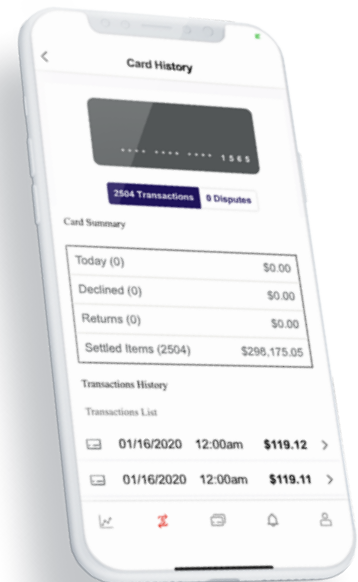

Security and simplicity in the palm of your hand

Knowledge is power. Especially in real time.

Imagine taking the power of iQ, your robust, web-based reporting and analytics tool, and putting it in the palm of your hand. Add-in a feature-rich self-servicing tool that allows for immediate, mobile-ready dispute resolution that's simple and secure and you have the all-new **iQ Now mobile app!**

iQ Now offers a simple, streamlined iQ experience for all merchants with less than 10 locations. With increased access and more self-service options, merchants can easily and securely get their critical business information via a tablet or mobile phone. Merchants can view all their transaction data broken down by card types, gift transactions, chargebacks, and more. Plus, you'll still retain your access to the iQ portal, simply use your iQ login/password for gaining mobile access.

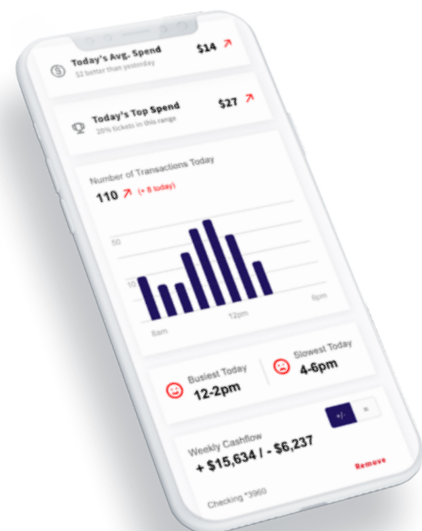

iQ Now provides powerful insight by accessing the same data sources as iQ, but in a streamlined interface and feature-set designed specifically for merchants on-the-go.

Actionable insights to efficiently run your business

Imagine the ability to better monitor your business with various types of alerts regarding disputes, statements, and more. **iQ Now** also features dispute management using your iOS/Android camera to document chargebacks and disputes—no more scanning, just snap a photo and upload!

-  Leverage data from your financial institutions to highlight business performance metrics
-  Fully PCI compliant
-  Manage disputes (using iOS/Android camera)
-  Receive push notifications
-  Review merchant statements
-  Process tips/returns
-  Check settlements and perform transaction research
