

MERCHANT SOLUTIONS FOR YOUR BUSINESS

Faster processing, advanced security, smart technology

Here are a few payment solutions to give you a competitive edge

Authorize.Net

Sell products and services online via a mobile device, or in a traditional brick-and-mortar store. Create “Buy Now” and “Donate” buttons for your website by simply copying and pasting Authorize.net code.

OmniShield Assure

Stop worrying about fraud with our all-in-one fraud and security bundle featuring point-to-point encryption, EMV, compliance tools, and up to \$100,000 financial protection in the event of a breach.

BigCommerce

Build or enhance your website using the leading SaaS ecommerce platform with all the features to build, run, and scale an online store. It's an easy process to set up your website and begin processing customer payments.

Contactless Solutions

Accept payments anywhere and any way your customers want to pay with a variety of contactless and mobile-wallet-enabled solutions to help keep your staff and customers safe.

FastAccess Funding

Ease cash flow issues and access funds faster with same-day settlement from credit card transactions. Settlement typically occurs within five hours, even on busy weekends and holidays.

SwipeSimple

Enjoy the freedom of untethered business from SwipeSimple by accepting secure, mobile payments anytime, anywhere. Pair with a cash drawer or printer to enhance your simple checkout experience.

Gift Cards

Attract new customers, encourage repeat business, and help increase sales. Get your gift card program up and running quickly with easy implementation, customizable features, and flexible pricing.

Virtual Terminals

Safely accept any card type with an internet connection. Our solution supports multi-users, which allows payment authorizations from anywhere via the internet.

iQ Online Portal

Knowledge is power. With real-time data at your fingertips, iQ is your go-to portal for managing acceptance of electronic payments simple. Access iQ from a web browser or use iQ Now, our mobile application available for iOS and Android platforms.
