

STANDING BETWEEN YOU AND FRAUD, WORLDPAY'S OMNISHIELD ASSURE CREATES SAFER, MORE SECURE PAYMENTS FOR SMALL BUSINESS

Rising to meet the threat of increased credit card breaches and fraudulent in-store transactions, OmniShield Assure keeps your business safe with focused coverage. By concentrating on the four major factors – card data security, fraud protection, PCI compliance, and financial risk including data breaches – Worldpay from FIS' standard security solution is your business' answer to combating fraud and maintaining compliance.

Protection from every direction

PCI Assist: Step-by-step help to easily validate and report compliance

Point-to-point encryption*: Security technology that helps keep cardholder data safe

Chip card acceptance: Helps protect against counterfeit card acceptance and liability for reimbursing fraudulent transactions

Breach Assist: Indemnification of up to \$100,000 for costs associated with a data breach

Getting started with PCI compliance validation: As part of PCI Assist that comes with OmniShield Assure, we provide Trustwave's TrustKeeper® PCI Manager, a simple online tool that guides users through the compliance process one step at a time and with 24/7 phone support.

Get started by opening the email from Trustwave and logging into the portal, or calling Trustwave Support at 877.257.1081

*Point-to-point encryption may not be PCI validated
