

# ClearEdge

## SIMPLIFY...

ClearEdge is the only easy, transparent, and flexible core solution for financial institutions. With simplified contracting, pricing and implementation, it's the future of banking, now.

### EASE

ClearEdge bundles and automatically upgrades the solutions you need while eliminating lengthy contracts and complicated pricing.

### TRANSPARENCY

Affordable, flat fee, month-to-month subscription model with no term lengths, no liquidated damages, and no surprises. FIS brings the stability, knowledge, and resources. No other technology partner has the history, security, and scope of expertise.

### FLEXIBILITY

ClearEdge frees financial institutions teams from contracts and pricing negotiations so they can focus on creating the most effective customer experience.
