

COMMUNITY BANKING, MODERNIZED

From desktop to tablet, FIS' HORIZON Banking System takes banking anywhere.

Survive and thrive

Enabling digital financial experiences is critical for community banks to survive and thrive in the current marketplace.

Not only are community banks competing with larger banks' technology offerings, they are facing the societal changes and challenges brought on by COVID-19.

of banked respondents have **changed how they interact** with their banks due to COVID-19

will use more **online and mobile banking** instead of in-person banking at branch

HORIZON delivers a modernized community banking experience

through an innovative, secure and proven platform made simple for bankers and customers alike.
