

FIS Amount

Unlock a unified platform for deposits, lending and cards for consumers and SMBs

Unifying the digital banking experience

FIS® Amount™ is the only modern, unified and AI-enabled solution that helps banks and credit unions meet consumer and small business deposit and lending needs while effectively managing risk and controlling fraud. Our core-agnostic platform empowers your institution to migrate and launch with confidence, providing a single, highly configurable set of tools to create and manage digital-first application journeys. With an intuitive design and built-in risk orchestration, the platform allows you to balance a seamless customer and member experience with security, ensuring every interaction drives satisfaction and increases funnel conversion.

60% of Gen Z and Millennials say they would leave their primary bank for a seamless, digital-first experience.

Key FIS Amount capabilities

Our suite redefines customer and member acquisition and expansion by unifying the entire onboarding journey.

- **Seamless unified platform:**
Our platform is the only unified solution for all your consumer and small business needs, from deposits to credit cards and lending.
- **Self-service program management:**
The intuitive, self-service design gives your team full control to easily launch and manage new programs.
- **Built-in risk management & fraud control:**
A powerful, built-in risk engine intelligently manages risk to balance a seamless experience with acceptable loss rates.
- **Works with any core:**
As a core-agnostic platform, our solution integrates seamlessly with your existing system, so you can launch new products with confidence.

Benefits for your financial institution

Our platform provides tangible, technical solutions to key challenges faced by financial institutions, directly impacting efficiency, revenue and compliance.

- Automate data entry and verification, reducing overhead.
- Seamlessly integrate with cores to accelerate deployment and simplify operations.
- Automate decisioning and prevent fraud in real time.
- Rapidly configure and deploy products without IT resources.
- Embedded ID + selfie verification.
- Automated fraud mitigation strategies.
- Lead generation modules to drive portfolio growth.

Benefits for your customers and members

Customers and members will find that our platform gives them a truly modern and unified way to manage their financial lives, enabling them to:

- Access a single, seamless platform for all deposit, lending and credit needs.
- Open accounts and apply for products in minutes from any device.
- Navigate a guided, intuitive journey that removes friction and complexity.
- Engage on their own terms, with transparency and a clear path to financial products.
