## Streamline the Amendment Process in the Leveraged Loan Market

---

The syndicated loan asset class is complicated and unique. Managing large amendments for institutional lenders requires a high degree of coordination among multiple disparate parties in a compressed timeframe.

**FIS® LendAmend** centralizes and streamlines the entire loan amendment process for the leveraged loan market. As the market's loan amendment utility, it helps agents, lenders and counsel increase accuracy and efficiency while reducing costs.

LendAmend is available on a standalone basis or as part of the FIS® Commercial Lending Suite, an integrated front-to-back-office solution with built-in workflow and analytics for the entire commercial loan process.

Streamline the Amendment Process in the Leveraged Loan Market

## MANAGE ALL AMENDMENT ACTIVITIES IN A WEB-BASED PORTAL

Agents, lenders and lawyers can collaborate on all amendment activity across the market in a single location, saving you time and increasing transparency.

## ACCESS ANYTIME

Agents can track amendment progress and lenders can electronically execute votes at their convenience via a single online portal.

## EXECUTE MORE EFFICIENTLY AND REDUCE COST

Both agents and lenders can execute amendments more efficiently and more accurately, with lower costs and at higher volumes.

## BENEFIT FROM A DEDICATED TEAM

The LendAmend team creates and manages the voting site on the agent's behalf, while the agent can view the real-time status of the voting.
