

# FIS CORPORATE ACTIONS MANAGER

FORMERLY XSP ECAP AND XSPRISA

## A Powerful End-to-end Solution for Corporate Actions Processing

Companies need strong risk governance and operational principles to avoid both monetary and reputational damage. So, why create vulnerabilities by managing corporate actions on resource-intensive and time-consuming proprietary systems?

**FIS® Corporate Actions Manager** (formerly XSP eCAP and XSPrisa) gives you the resilience you require in one flexible, proven and cost-effective solution.

By fully automating the corporate actions life cycle and integrating easily with your existing infrastructure, Corporate Actions Manager mitigates risk, increases efficiency and scales easily to the demands of your business.

### STREAMLINE YOUR SYSTEMS

Cover the whole corporate actions process, from data cleansing and announcement notification to election capture, downstream posting and reconciliations.

### SAVE TIME AND EFFORT

Automatically manage entitlements for all types of corporate actions events with workflows to identify data discrepancies and a centralized electronic diary.

### DRIVE STRAIGHT-THROUGH PROCESSING

Process data from multiple sources, link decision-makers on all voluntary and optional corporate actions, and connect accounting entries for the entitlements.
