

FIS TRADING SUITE

FORMERLY VALDI

The Trading Suite for a Consolidated View of Equities and Listed Derivatives Trading

Today's sell-side banks and brokers face market volatility, economic uncertainty and a changing regulatory landscape. But smart organizations are looking beyond these stressors to focus on growth. To differentiate yourself, you need next-generation technology to enter new markets and achieve faster onboarding for new clients.

FIS® Trading Suite (formerly Valdi) provides a modernized and consolidated view of equities and listed derivatives trading across global markets, plus comprehensive access to positions and risk management. It gives you high-performance gateways and advanced global execution capabilities in one high-powered solution.

MASTER TRADING WITH MODERNIZED TECHNOLOGY

Handle all equities and listed derivatives asset classes across more than 150 markets around the world.

GAIN A CONSOLIDATED VIEW

Get a single, clear picture of your trades, with complete access to positions and risk management.

LEVERAGE TOMORROW'S TECHNOLOGY, TODAY

Access advanced execution capabilities, including futures trading, algorithmic trading, smart routing and flexible pre-trade risk management.

FIS TRADING SUITE

The Trading Suite for a Consolidated View of Equities and Listed Derivatives Trading

BUILT FOR TRADERS LIKE YOU

Trading Suite is designed for and battle-tested by sell-side traders in the market.

EFFICIENTLY PROCESS LARGE VOLUMES OF TRANSACTIONS

Trading Suite automates the sales-to-dealer relationship on the basis of flexible rule sets – including multi-site – so you can process thousands of orders per second with millisecond latency.

OPERATE MORE EFFICIENTLY

Streamlined workflows mean you can operate more efficiently across multiple functions, from best execution and trade and order management to risk controls and load balancing across multiple market gateways.

INCREASE YOUR AGILITY

Our robust order management, execution and risk capabilities are enhanced by lightning-fast connectivity and unrivaled flexibility for real-time trading.

Stay in the lead with smart technology for smart trading.
