

# FIS TREASURY PARTNER PROGRAM

## Strengthening the Relationships Between FIS, Consultancies and Technology Providers

The **FIS® Treasury Partner Program** strengthens the relationships between FIS, consultancies, banks and treasury technology providers. By leveraging our FIS® Treasury and Risk Manager - Integrity Edition (formerly Integrity SaaS), FIS® Treasury and Risk Manager - Quantum Edition (formerly Quantum) and FIS® Payment Hub - Quantum Edition (formerly Trax) solutions, you can grow your business with FIS, better serve your clients, and improve your brand.

With four different partnership levels available, you can choose whether to remarket advanced product knowledge to clients, offer treasury-as-a-service solutions or expand your consultancy business through direct sales of treasury technology to clients.

### **GROW YOUR BUSINESS**

Education, training and access to FIS solutions enable you to grow your business through jointly managed professional services engagements.

### **SERVE YOUR CLIENTS**

Access to the latest FIS market research and solution development information will help you improve the quality of consulting services to our mutual clients – and you can also work with FIS on valuable thought leadership content.

### **STRENGTHEN YOUR BRAND**

Working with the world's largest fintech provider will strengthen your brand in the treasury marketplace.

## CHOOSE YOUR PARTNERSHIP LEVEL

You can join us as a knowledge partner, solution partner, treasury-as-a-service partner or reseller partner, depending on your needs.

## BENEFIT FROM SIMPLIFIED REFERRALS

Access to our mutual clients allows for simplified referrals for non-system related engagements – from banking rationalization to best practice reviews.

## REMARKET PRODUCT KNOWLEDGE

For consultancies, our solution certification training program provides the opportunity to remarket advanced product knowledge to clients.

## OFFER TREASURY-AS-A-SERVICE SOLUTIONS

Add value to your consultancy service offerings through the use of state-of-the-art treasury technology.
