

FIS US TRADING OMS

FORMERLY VALDI US

The US Trading OMS for Advanced Order Management and Greater Trading Velocity

Banks and brokers are looking to grow by offering clients entry to new markets and faster onboarding. But your trading and order management solution also needs the ability to handle exceptional transaction volumes efficiently.

FIS® US Trading OMS (formerly Valdi US) gives you advanced order management and greater trading velocity in one solution.

Get a consolidated view of trading positions across U.S. equity markets, risk and order management for multiple asset classes, advanced trading capabilities and adherence to U.S. equity markets rules and regulations.

MASTER ORDER AND TRADE MANAGEMENT

Get automated, real-time and exception-based order, trade and inventory management within one high throughput platform.

GAIN A CONSOLIDATED VIEW

Benefit from a single, clear picture of your orders for multi-asset class instruments, overall positions and risk, market quotes, alerts and exceptions.

KEEP PACE WITH CHANGE

Easily manage a wide variety of order workflows and execution decisions.
