## The Digital Portal Powering the Private Equity Client Experience

Delivering an exceptional, differentiated experience is key to success in today's ultra-competitive market. Modern investor relations require a digital approach that allows managers and investors to access, analyze and share documents and information in an intuitive, productive way.

### ENHANCED PERFORMANCE AND REPORTING

**FIS® Digital Data Exchange (formerly Data Exchange)** provides private equity investor relations professionals with a digital portal that delivers an intuitive and branded investor experience, sophisticated analytical dashboards and streamlined, two-way communication.

### ENHANCE YOUR BRAND

Customize your investor portal to reinforce your brand and deliver an exceptional investor experience.

### PROVIDE SECURE DATA ACCESS

With advanced data visualizations and analytics displays, you and your investors can easily access and share the information that matters – without spending time searching for it.

### SUPPORT FUNDRAISING

Show potential investors the kind of service they can expect from your firm by providing secure, on-demand access to investment information and due diligence questionnaires.

Digital Data Exchange incorporates **Preqin benchmark data**, the industry's most trusted and transparent benchmark. With performance information for over 11,000 private capital funds, you can evaluate fund performance, analyze strategies and geographies, and make comparisons to your peer groups.

With user-friendly search functionality and advanced data visualizations, investors can easily find and analyze data, and you can differentiate your service from the competition.
