

Online reporting solutions for financial institutions from FIS and GreenHill

Unlock confident investment decisions

Performance measurement reporting solutions

In today's rapidly evolving financial landscape, digital transformation is not just a trend—it's a necessity. By integrating advanced technologies, financial institutions can significantly enhance customer experiences, streamline operations and make data driven decisions that drive success.

FIS® strategically partners with Greenhill solutions to offer its clients market leading bespoke reporting solutions and service. Greenhill's offerings are meticulously designed to support transparency, ensure compliance and provide actionable insights, thereby enhancing client communication and empowering your firm to make confident investment decisions.

ReportQuest, Greenhill's cutting-edge online platform, offers greater transparency, robust compliance support and actionable insights. With a client-centric service model and fully tailored reporting solutions, your firm is empowered to deliver a seamless, high quality experience, making confident investment decisions with ease.

Where GreenHill excels

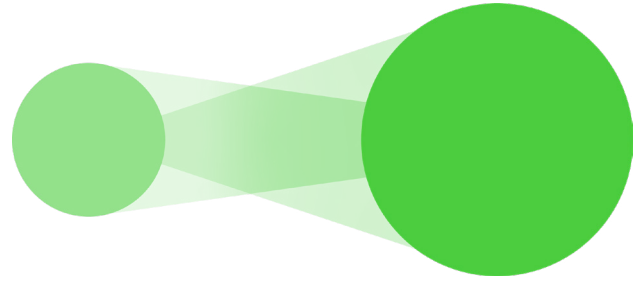

- Client-centric service: Dedicated account managers provide a hightouch, client-centric experience.
- Customizable reporting: Tailored reports align with your branding and investment strategies.
- Seamless integration: Easily integrates with existing platforms, reducing onboarding friction.
- Compliance support: Built-in tools and benchmarks ensure regulatory compliance.
- Impactful reporting: Offers IRR or TWR analysis for comprehensive portfolio performance views.

Transform your operations

Embrace the future of banking with FIS in partnership with GreenHill and transform your operations with market leading performance measurement reporting solutions.

- **Sophisticated analytical tools** – Provides evidence to support investment strategies, security selections and liquidation decisions with clear visualizations.
- **Enhanced transparency and decision-making** – Delivering deeper insights into portfolio performance and investment outcomes.
- **Scalable solutions** – Whether for small community banks, RIAs, large family offices or nationally chartered trust companies, GreenHill adapts to different reporting needs.
- **Competitive edge** – Clients can provide superior reporting to their end investors, enhancing trust and client retention.
- **Professional presentations** – Reports are customized to reflect each firm's unique branding, ensuring a polished, client-centric experience.
- **Investments covered** – Stocks, closed-end funds, exchange-traded funds, open-end funds, bonds, separate accounts, variable annuities/life contracts and subaccounts, and more.
