Independent Auditors' Report

Reliance Trust Company, as the Trustee of
Series Fifteen of Reliance Trust Institutional Retirement Trust
Driehaus International Small Cap Growth CIT:

Opinion

We have audited the financial statements of Driehaus International Small Cap Growth CIT (the Fund), which comprise the statement of assets and liabilities, including the statement of investments, as of December 31, 2021, and the related statement of operations and changes in net assets, and the financial highlights for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Fund as of December 31, 2021, and the results of its operations, changes in its net assets, and its financial highlights for the year then ended in accordance with U.S. generally accepted accounting principles.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for one year after the date that the financial statements are issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

SUMMARY OF INVESTMENTS PURCHASED AND SOLD:

TYPE OF INVESTMENT	COST OF PURCHASES (000s)	PROCEEDS FROM SALES (000s)	REALIZED GAINS (LOSSES) (000s)
Common Stocks	\$223,692	\$207,297	\$42,196
Preferred Stocks	2,062	1,966	(366)
Short-Term Investments	139,944	135,585	—
Total	\$365,698	\$344,848	\$41,830

There are transactional costs related to Market Associated Costs (MACs), American Depositary Receipts (ADRs) and certain foreign issued securities. Transactional costs of approximately \$89,000 have been netted against net realized gains (losses) on securities transactions on the Statement of Operations and Changes in Net Assets. As such, the realized gains (losses) between this schedule and the Statement of Operations and Changes in Net Assets will differ by this amount.

See Accompanying Notes to the Financial Statements.

DRIEHAUS INTERNATIONAL SMALL CAP GROWTH CIT

STATEMENT OF INVESTMENTS (Continued)

December 31, 2021

At December 31, 2021, the Fund's investments (excluding short-term investments) were denominated in the following currencies:

CONCENTRATION BY CURRENCY	% OF INVESTMENTS
Euro	31.4%
British Pound	22.9
Japanese Yen	11.0
Canadian Dollar	10.3
Swiss Franc	6.4
Danish Krone	5.3
All other currencies less than 5%	12.7
Total	100.0%

At December 31, 2021, the Fund's investments (excluding short-term investments) were diversified as follows:

INDUSTRY SECTOR	% OF INVESTMENTS
Communication Services	2.9%
Consumer Discretionary	19.7
Consumer Staples	5.9
Energy	3.6
Financials	6.8
Health Care	12.3
Industrials	18.9
Information Technology	19.3
Materials	7.4
Real Estate	3.2
Total	100.0%

Various inputs are used in determining the value of the Fund's investments. These inputs are summarized in three levels listed below:

Level 1 - Unadjusted quoted market prices in active markets for identical securities on the measurement date.

Level 2 - Other observable inputs (e.g., quoted prices in active markets for similar securities, securities valuations based on commonly quoted benchmark interest rates and yield curves, maturities, ratings and/or securities indices).

Level 3 - Significant unobservable inputs (e.g., information about assumptions, including risk, market participants would use in pricing a security).

The inputs or methodologies used for valuing securities are not necessarily an indication of the risk associated with investing in those securities and other financial instruments, if any. The following table summarizes the valuation of the Fund's investments by the above fair value hierarchy as of December 31, 2021:

INVESTMENTS	LEVEL 1 (000s)	LEVEL 2 (000s)	LEVEL 3 (000s)	TOTAL (000s)
Investments by Fair Value Level				
Common Stocks				
Italy	\$ 1,769	\$ 3,375	\$—	\$ 5,144

Total Common Stocks	117,967	108,432	—	226,399
Short-Term Investments	13,471	—	—	13,471
Total Investments by Fair Value Level	\$131,438	\$108,432	\$—	\$239,870

⁽¹⁾Classifications as defined in the Statement of Investments.

RELIANCE TRUST INSTITUTIONAL RETIREMENT TRUST, SERIES FIFTEEN
NOTES TO THE FINANCIAL STATEMENTS

Driehaus International Small Cap Growth CIT ("Fund") is Series Fifteen of Reliance Trust Institutional Retirement Trust ("Trust"). The Trust is intended to constitute an exempt trust under Section 501(a) of the Internal Revenue Code of 1986, as amended, and a group trust within the meaning of Rev. Rul. 81-100, as clarified and amended. The Trust is exempt from registration under the Investment Company Act of 1940, as amended, and the Securities Act of 1933, as amended. Reliance Trust Company ("Reliance" or "Trustee") serves as the Trustee of the Trust. The Trustee has ultimate responsibility for management, investments and operations of the Trust. As of December 31, 2021, the Trust was comprised of twenty-seven funds, each of which is maintained as a separate collective trust fund for accounting and tax purposes. This report pertains to the Fund which commenced operations on April 11, 2018.

Reliance is chartered by the State of Georgia and regulated by the Georgia Department of Banking and Finance. Reliance is a wholly-owned subsidiary of Reliance Financial Corporation, both of which are headquartered in Atlanta, Georgia. Reliance Financial Corporation is a holding company which owns several financial services companies. Reliance Financial Corporation and its affiliates have been in business since 1975. Reliance Financial Corporation is an indirect wholly-owned subsidiary of Fidelity National Information Services, Inc. (NYSE: FIS).

The Trustee has appointed Driehaus Capital Management LLC ("Driehaus") as sub-advisor of the Fund and to provide investment advice and recommendations with respect to the investment of the Fund's assets. While the Trustee generally relies on Driehaus to manage the Fund's assets, the Trustee maintains ultimate fiduciary authority over the management of, and investments made in, the Fund. Driehaus is engaged pursuant to an Investment Services Agreement. The Northern Trust Company ("NTC") serves as the custodian of the Fund's assets and fund administrator of the Trust.

The Fund, which is an investment company within the scope of Financial Accounting Standards Board ("FASB") Accounting Standards Update 2013-08, follows accounting and reporting guidance under FASB Accounting Standards Codification Topic 946, *"Financial Services- Investment Companies"*.

Note A – Summary of Significant Accounting Policies

The following is a summary of significant accounting policies followed by the Fund. These policies are in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The presentation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results may differ from those estimates.

Investment Valuation

Investments are stated at fair value. Securities traded on U.S. securities exchanges or in the NASDAQ Stock Market, Inc. are generally valued at the regular trading session closing price on the exchange or market in which such securities are principally traded. If any such U.S. security is not traded on a valuation date, it is valued at the most recent quoted bid price. Over-the-counter securities not reported in the NASDAQ Stock Market, Inc. are also generally valued at the most recent quoted bid price. Fixed income securities, however, may be valued on the basis of evaluated prices provided by independent pricing services when such prices are believed to reflect the fair market value of such securities. Such prices may be determined taking into account securities prices, yields, maturities, call features, ratings, institutional size trading in similar groups of securities and developments related to specific securities. The values of securities of foreign issuers are generally based upon market quotations, which, depending upon local convention or regulation, may be the last sale price, the last bid or the mean between the last bid and ask price as of, in each case, the close of the appropriate exchange or other designated time. Foreign fixed income securities may, like domestic fixed income securities, be valued based on prices provided by independent pricing services when such prices are believed to reflect the fair value of such securities. Spot and forward foreign currency exchange contracts are generally valued using an independent pricing service. Short-term investments of sufficient credit quality are valued at amortized cost, which approximates fair value. Certain other investments may be valued based on quotations from independent brokers. Shares of open-end investment companies are valued at net asset value ("NAV"). Any securities for which no current market quotations are readily available are valued at fair value in accordance with valuation procedures established by the Trustee. The Trustee, in its discretion, may make adjustments to the prices of securities held by the Fund if an event occurs after the publication of market values normally used by the Fund but before the time as of which the Fund calculates its NAV, depending on the nature and significance of the event, consistent with applicable regulatory guidance. This may occur particularly with respect to certain foreign securities held by the Fund, in which case NTC, as directed by the Trustee, may use adjustment factors obtained from an independent valuation service that are intended to reflect more accurately the fair value of those securities as of the time the Fund's NAV is calculated and are classified as Level 2 investments. The use of fair valuation involves the risk that the values used by the Fund to price its investments may be higher or lower than the values used by other unaffiliated investment companies and investors to price the same investments.

RELIANCE TRUST INSTITUTIONAL RETIREMENT TRUST, SERIES FIFTEEN
NOTES TO THE FINANCIAL STATEMENTS (Continued)

Investment Transactions and Investment Income

Investment transactions are accounted for on a trade date basis (the date the order to buy or sell is executed). The Fund determines the gain or loss realized from investment transactions by using an identified cost basis method. Dividend income is recorded on the ex-dividend date or, for foreign securities, as soon as the information is available. Dividend income is net of foreign withholding taxes for foreign securities. Tax reclaim receivables, where appropriate, are recorded as foreign dividend and interest accruals and their applicable withholding accruals are processed on ex-date. Interest income is recorded on the accrual basis and includes accretion of discounts and amortization of premiums on fixed income securities.

Foreign Currency Transactions and Translations

Values of investments denominated in foreign currencies are converted into U.S. dollars using the exchange rates provided by WM/Reuters normally as of approximately 3:00 pm Central time. The cost of purchases and proceeds from sales of investments, interest, and dividend income are translated into U.S. dollars using the spot market rate of exchange prevailing on the respective dates of such transactions. The gains or losses, if any, on investments resulting from changes in foreign exchange rates are included on the Statement of Operations and Changes in Net Assets with net realized gains (losses) and unrealized appreciation (depreciation) on investments. The realized gains (losses), if any, on translations of other assets and liabilities denominated in foreign currencies are included in net realized gains (losses) on foreign currency transactions on the Statement of Operations and Changes in Net Assets, as applicable.

The Fund is authorized to enter into spot contracts in order to buy or sell a certain amount of foreign currency at the current market rate, with settlement occurring within four business days. The Fund is authorized to enter into spot contracts in order to make payments, or to receive payments, based on trading activity in a foreign currency. A spot contract allows the Fund to buy or sell foreign currency on the day it chooses to deal. All foreign currency exchange contracts are marked-to-market daily at the applicable exchange rates and any resulting unrealized gains or losses are recorded in net changes in unrealized appreciation (depreciation) on translation of other assets and liabilities denominated in foreign currencies on the Statement of Operations and Changes in Net Assets. The realized gain or loss on foreign currency exchange contracts includes the gain or loss from translation of the contracts at current exchange rates. Such gains or losses are included in net realized gains (losses) on foreign currency transactions on the Statement of Operations and Changes in Net Assets. Risks may arise upon entering into these contracts from the potential inability of counterparties to meet the terms of their contracts and from unanticipated movements in the value of a foreign currency relative to the U.S. dollar. The Fund bears the market risk from changes in foreign currency exchange rates and the credit risk if the counterparty to the contract fails to perform. The contractual amounts of foreign currency exchange contracts do not necessarily represent the amounts potentially subject to risk. The measurement of the risks associated with these instruments is meaningful only when all related and offsetting transactions are considered. The Fund entered into no foreign currency exchange contracts, other than spot contracts, during the fiscal year ended December 31, 2021.

Note B – Purchases and Redemptions

Purchases and redemptions are recorded at the unit value determined on the valuation date and shall be made only in accordance with the terms of the Declaration of Trust. Any purchases or redemptions requests received on or prior to December 31, 2021, for payment in January 2022, are recorded as Receivable for Fund Units Sold or Payable for Fund Units Redeemed.

At December 31, 2021, four participating trusts, or groups of affiliated participating trusts, each held 10% or more of the Fund's total Units Outstanding.

Note C – Anti-Dilution Levies

Except as provided in the Declaration of Trust or Offering document, subject to applicable law, the estimated transaction charges (the "Anti-Dilution Levy") incurred in connection with, or relating to, any purchase or withdrawal of units in the Fund will be allocated to the Participating Trust making such purchase or withdrawal of Units and such charge shall be applied to the net asset value of the Unit or Share Class of the Participating Trust. In certain circumstances, the Trustee may hold back a portion of the proceeds due upon a withdrawal to allow for the allocation of the Anti-Dilution Levy and the impact of that levy on the amounts due. To protect the Fund's investors, the Anti-Dilution Levy attributable to any Participating Trust's purchase or withdrawal of Units in the Fund shall be determined by the Trustee in its sole discretion, and for convenience of administration, may be determined using a standard formula or other appropriate methodology. In estimating the Anti-Dilution Levy, there is the inherent risk that the Anti-Dilution Levy will either "overcharge" or "undercharge" the Participating Trust involved, which would be to the benefit either of that Participating Trust (in the case of an undercharge) or the Fund as a whole (in the case of an overcharge). The greater any discrepancy between actual expenses and those charged under the Anti-Dilution Levy, the greater the relative impact on the Participating Trust and/or the Fund.

RELIANCE TRUST INSTITUTIONAL RETIREMENT TRUST, SERIES FIFTEEN
NOTES TO THE FINANCIAL STATEMENTS (Continued)

Note D – Income Taxes

The Fund meets the requirements of the Internal Revenue Code ("IRC") Section 401(a) and is exempt from taxation under IRC Section 501(a) as provided for by Revenue Ruling 81-100 (as modified by Revenue Ruling 2011-1 and Revenue Ruling 2014-24). Accordingly, no provision for federal, state, or local income tax is required. Although the Fund is exempt from taxation, the Fund files annual information returns. The annual information returns of the Fund for the years for which the applicable statutes of limitations have not expired remain subject to examination by the IRS.

The Fund's investments in certain foreign markets may be subject to income or capital gains taxes for those foreign jurisdictions. Management periodically evaluates uncertain tax positions of the Fund and where prudent records liabilities for anticipated taxes. As of December 31, 2021, the Fund's recorded foreign tax liability was \$0.

No amounts for interest or penalties have been recognized in the Statement of Operations and Changes in Net Assets or in the Statement of Assets and Liabilities.

Note E – In-Kind Transactions

At the discretion of the Trustee, participating trusts may elect to receive or deliver securities rather than cash for their redemption or purchase in accordance with the provisions of the Trust. These participants receive or deliver securities with a fair value equal to the value of the number of units they own at the current NAV at the redemption date or purchase date.

Purchase and redemption amounts of in-kind transactions, if any, are included in Unit Transactions, and gains and losses on any securities that were distributed to participants are included in Net Realized Gains (Losses) on Securities Transactions on the Statement of Operations and Changes in Net Assets.

There were no in-kind purchases or in-kind redemptions during the fiscal year ended December 31, 2021.

Note F – Fees and Expenses

Expenses are accounted for on an accrual basis. In accordance with the Declaration of Trust, the Fund is charged for those expenses that are directly attributable to the Fund. Certain expenses arising in connection with a particular tier of units are charged to that tier of units. Expenses incurred that do not specifically relate to an individual tier are allocated among all of the tiers in the Fund in proportion to each tier's relative net assets.

Reliance receives a fee for trustee and management services provided to the Fund (the "Trustee Fee"). The Trustee Fee is accrued daily, is payable monthly, and includes an annual fund minimum of \$15,000. The Trustee Fee for the Fund is set forth in the table below expressed as a percentage of the Fund's average daily net assets:

Fund	Trustee Fee (Assessed at Fund Level)
Driehaus International Small Cap Growth CIT	4 basis points on first \$250 million
	3 basis points on next \$250 million
	2.5 basis points in excess of \$500 million

Reliance, as Trustee of the Fund, has entered into an Investment Services Agreement with Driehaus. As compensation for sub-advisory services, Driehaus is entitled to a fee from each investor. The adviser fee for Class B is negotiable, with a maximum of 100 basis points, and invoiced directly to the Participating Trust and paid outside of the Fund. Other Classes of the Fund are available but did not have investments in 2021.

For compensation as custodian, transfer agent, fund administrator and for compliance services, NTC receives an amount based on a pre-determined schedule of charges.

Pursuant to a contractual agreement, Driehaus has agreed to cap Administration Fees at 0.10% per annum. Administration Fees shall include trust compliance, fund accounting, fund administration, transfer agency, global custody, internal and external audit services and any other fees for services provided to the Fund. The cap shall not include any expenses relating to the Fund's investment and trading

RELIANCE TRUST INSTITUTIONAL RETIREMENT TRUST, SERIES FIFTEEN
NOTES TO THE FINANCIAL STATEMENTS (Continued)

activities, including, without limitation, brokerage commissions, foreign exchange fees, “bid-ask” spreads, mark-ups, regulatory and other governmental fees, taxes and transactional charges or to any other third party fees or expenses incurred by or on behalf of the Fund. During the year ended December 31, 2021, the Investment Adviser agreed to reimburse the Fund \$40,404 pursuant to the expense cap agreement.

The Fund did not engage in cross-trading activities during the fiscal year ended December 31, 2021.

Note G – Investment Risks

Foreign Investment Risks

To the extent the Fund invests in foreign securities, it may be subject to risks due to the potential for political and economic instability in the countries where the issuers or these securities are located. In addition, foreign exchange fluctuations could affect the value of positions held. These risks are generally intensified in emerging markets.

COVID-19 Risk

The COVID-19 global pandemic that began in early 2020 has continued to generate uncertainty in financial markets worldwide. Due to the rapidly changing dynamics of the situation, it is difficult to estimate the pandemic's enduring effects, but there is risk that the resulting disruptions to trade and industry may adversely impact the value of the Fund's investments and the overall performance of the Fund.

Note H – Indemnifications and Warranties

In the ordinary course of business, the Fund may enter into contracts or agreements that contain indemnifications or warranties. Future events could occur that lead to the execution of these provisions against the Fund. The maximum exposure to the Fund under these provisions is unknown as this would involve future claims that have not yet occurred. However, the Fund has not had prior claims or losses pursuant to these contracts and believes the risk of loss to be remote.

Note I – Subsequent Events

These financial statements were approved by management and available for issuance on April 28, 2022. Subsequent events have been evaluated through this date.

The Russian invasion of Ukraine that began at the end of February 2022 and the resulting sanctions and restrictions imposed in response by various countries, including the U.S., have generated volatility and uncertainty in global financial markets. Reliance Trust Company is actively monitoring the conflict and its economic effects in Russia, Ukraine, and in regional and global markets. The extent and duration of the hostilities, the impact of existing and future sanctions, market disruptions and volatility, and the result of any diplomatic negotiations cannot be predicted. These and any related events could adversely affect the value and liquidity of the Fund's investments, and therefore the Fund's performance.

**ADDITIONAL INFORMATION
(Unaudited)**

Pursuant to section 103(a)(2) of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), and Department of Labor regulation 2520.103-5(c), a bank or similar institution which holds assets of a plan in a common or collective trust must transmit and certify certain information that is needed by the plan administrator to comply with the annual reporting requirements of ERISA. This information includes a copy of the annual statement of assets and liabilities of the trust for the fiscal year of such trust that ends with or within the plan year for which the plan’s annual report is made. In compliance with such regulation, Reliance hereby provides the enclosed annual report of the Trust.

Pursuant to Department of Labor regulation section 2520.103-5(d), Reliance further certifies that the information contained in this annual report of the Trust is an accurate and complete reflection of our records.
