INDEPENDENT AUDITOR'S REPORT

Reliance Trust Company, Trustee for
Reliance Trust Institutional Retirement Trust, Series Twenty-Three

Report on the Financial Statements

We have audited the accompanying financial statements of Envestnet Western Asset Core CIT (the Fund) of Reliance Trust Institutional Retirement Trust, Series Twenty-Three (the Trust), which comprise the statement of assets and liabilities, including the schedule of investments, as of December 31, 2020, and the related statements of operations and changes in net assets and the financial highlights for the period from March 24, 2020 (date of inception) to December 31, 2020, and the related notes to financial statements. These financial statements and financial highlights are hereinafter collectively referred to as financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Fund as of December 31, 2020, and the results of its operations and changes in its net assets and its financial highlights for the period from March 24, 2020 (date of inception) to December 31, 2020, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information following the schedule of investments, for the period from March 24, 2020 (date of inception) to December 31, 2020, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The Acquired Fund Fees and Expenses (AFFE) (see Note 4), the monthly net asset values following the financial highlights and additional information following the notes to financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information, except for the net asset value at December 31, 2020, has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

NOTES TO FINANCIAL STATEMENTS

December 31, 2020

Note 1 – Organization and Investment Objective

Organization – Reliance Trust Institutional Retirement Trust, Series Twenty-Three (the Trust) is intended to constitute an exempt trust under Section 501(a) of the Internal Revenue Code of 1986, as amended, and a group trust within the meaning of Rev. Rul. 81-100, as clarified and amended. The Trust is exempt from registration under the Investment Company Act of 1940, as amended, and the Securities Act of 1933, as amended. Reliance Trust Company (Reliance or the Trustee) serves as Trustee of the Trust. The Trustee has ultimate responsibility for the management, investments and operations of the Trust. The Trust is comprised of one fund, the Envestnet Western Asset Core CIT (the Fund). The Fund is designed to be used as an investment vehicle by qualified retirement plans and certain plans maintained by governmental employers.

Reliance is chartered by the State of Georgia and regulated by the Georgia Department of Banking and Finance. Reliance is a wholly-owned subsidiary of Reliance Financial Corporation, both of which are headquartered in Atlanta, Georgia. Reliance Financial Corporation is a holding company which owns several financial services companies. Reliance Financial Corporation and its affiliates have been in business since 1975. Reliance Financial Corporation is an indirect wholly-owned subsidiary of Fidelity National Information Services, Inc. (NYSE: FIS).

The Trustee has engaged Envestnet Retirement Solutions, LLC (the Sub-Advisor) to provide investment advice and recommendations with respect to investment of the Fund's assets.

While the Trustee generally relies on the Sub-Advisor to manage the Fund's assets, the Trustee maintains ultimate fiduciary authority over the management and operations of, and investments made in, the Fund. The Sub-Advisor is engaged pursuant to an Investment Services Agreement. Reliance is the custodian of the Fund's assets.

Investment objective – The Fund seeks to maximize total return from a high-quality, U.S. dollar denominated core fixed-income portfolio.

Note 2 – Significant Accounting Policies

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Fund is an investment company and follows the accounting and reporting guidance in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic No. 946.

Net asset value (NAV) – Units of the Fund are valued each day on which the New York Stock Exchange (NYSE) is open for trading in accordance with the valuation procedures established by the Trustee. The NAV per unit is calculated as of the close of trading on the NYSE (generally, 4:00 p.m. U.S. Eastern time). The NAV per unit is computed by dividing the total fair value of the assets of the Fund, less its liabilities, by the total number of units outstanding at the time of such computation. Investment income earned is reinvested in the Fund and included in the determination of unit values.

NOTES TO FINANCIAL STATEMENTS (continued)

December 31, 2020

Fund unit transactions – The Fund sells new units and repurchases outstanding units on a daily basis. Unit purchases and redemptions are transacted at the NAV of the Fund determined as of the close of business each day. A summary of the Fund unit activity for the Fund is included with its financial highlights.

Investment valuation – Investments are valued at their current fair value determined as follows:

Investments in collective funds – The Fund may invest in other collective investment funds that may or may not be affiliated with the Trustee. The Trustee or unrelated trustee estimates the fair value of investments in collective funds that have calculated net asset value per unit in accordance with the specialized accounting guidance for investment companies. Accordingly, as a practical expedient, investments in other such funds are valued at their net asset value as reported by the investee funds. The Fund has the ability to redeem its investments in the other funds at net asset value without restrictions.

When the valuation method described above is not reflective of fair value, investments are valued at fair value following procedures and/or guidelines determined by or under the direction of the valuation committee established by the Trustee. In light of the judgment involved in fair value decisions, there can be no assurance that a fair value assigned to a particular investment is accurate.

Investment transactions and investment income – The Fund records security transactions on a trade date basis. Dividend income is recorded net of applicable withholding taxes on the ex-dividend date. Net realized gains and losses on investments are determined by the average cost method. Interest income and expenses are recorded daily on the accrual basis.

Use of estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Guarantees and indemnifications – Under the Fund's organizational documents, each trustee, officer, employee and agent of the Trust is indemnified, to the extent permitted by law, against certain liabilities that may arise in the performance of their duties to the Fund.

Additionally, in the normal course of business, the Fund enters into contracts that contain a variety of indemnification clauses. The Fund's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Fund that have not yet occurred. However, the Fund has not had prior claims or losses pursuant to these contracts and the Trustee believes the risk of loss to be remote.

Income tax status – The Trust has received a determination from the Internal Revenue Service (the IRS) that the Trust is exempt from federal income taxation under Section 501(a) of the Internal Revenue Code. As long as the Trust maintains its tax exemption, the Fund is not liable for federal or state income taxes. The Trust's federal fiduciary tax returns for tax years for which the applicable statutes of limitations have not expired are subject to examination by the IRS. The EIN and Plan number of the Fund is 46-6625485-002.

NOTES TO FINANCIAL STATEMENTS (continued)

December 31, 2020

Subsequent events – The Trustee has evaluated the effect of subsequent events on the Fund's financial statements through June 16, 2021, which is the date the financial statements were available to be issued, and has determined that there are no material subsequent events that would require adjustment or disclosure in the Fund's financial statements through this date.

Note 3 – Fair Value Measurements

Fair value is defined as the price a fund would receive to sell an asset or pay to transfer a liability in an orderly transaction between market participants at the measurement date.

Various methods are used in determining the fair value of the Fund's investments. The Trustee has performed an analysis of the significance and character of these methods to the fair value determination. These methods are summarized in the three broad levels listed below:

- Level 1 – Quoted prices in active markets for identical investments.
- Level 2 – Other significant observable methods (including quoted prices for similar investments, interest rates, credit risk, and others).
- Level 3 – Significant unobservable methods (including the Trustee's own assumptions in determining the fair value of investments).

The methods or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. A summary of the methods used as of December 31, 2020, in valuing the Fund's investments carried at fair value is included in Note 2.

The aggregate fair value of the investments in the Fund by input level used as of December 31, 2020, is included following the schedule of investments.

Note 4 – Fees and Expenses

Trustee and sub-advisor fees – The Trustee receives an annual fee of 3.25 basis points for trustee and management services provided to the Fund. The Sub-Advisor receives an annual fee of 3.00 basis points to provide investment advice and recommendations with respect to investment of the Fund's assets. These fees are based on the average daily value of the Fund and are accrued daily, paid monthly in arrears and charged against the assets invested in the Fund. Such fees for the period ended December 31, 2020, are included in the statement of operations for the Fund.

Professional services and other operating expenses – In addition to the fees described above, the Fund bears expenses related to its operation, including, but not limited to, audit, custody, tax and legal services. Expenses incurred in connection with the investment and reinvestment of Fund assets, including, without limitation, transfer agency fees, brokerage commission and other expenses, are also charged against the Fund.

**RELIANCE TRUST INSTITUTIONAL RETIREMENT TRUST, SERIES TWENTY-THREE
ENVESTNET WESTERN ASSET CORE CIT**

NOTES TO FINANCIAL STATEMENTS (continued)

December 31, 2020

Acquired Fund Fees and Expenses (AFFE) – When assets of the Fund are invested in other investment vehicles, such as other collective funds or open-end funds, those investment vehicles will incur fees and expenses, which will be reflected in the operating results and value of the Fund's investment in such investment vehicle, and are separate and distinct from the fees and expenses of the Fund described above. The weighted average AFFE ratio for the Fund for the period ended December 31, 2020, is 0.25%.

Note 5 – Related Party Transactions

The Trustee is a non-depository bank that provides trust and custodial services for ERISA-qualified retirement plans as well as trust and investment services to business pension and retirement plans. The Trustee is responsible for managing the Trust's investment and business affairs.

Note 6 – Risks Associated with Investing in the Fund

In the normal course of business, the Fund trades financial instruments and enters into financial transactions where risk of potential loss exists. Refer to the Trust's Offering Statement for a discussion of various risk factors that may be associated with an investment in the Fund.

The COVID-19 global pandemic that began in early 2020 has continued to generate uncertainty in financial markets worldwide. Due to the rapidly changing dynamics of the situation, it is difficult to estimate the pandemic's enduring effects, but there is risk that the resulting disruptions to trade and industry may lead to a continued global economic slowdown that could impact the performance of the Fund's investments.
