

FIS' XSPrisa Software as a Service (SaaS)

Corporate Actions

Simplify to focus on your business

With FIS' XSPrisa, it's never been so easy to automate and streamline the corporate actions process and mitigate risk. Now, you can instantly and inexpensively benefit from the power and agility of our globally renowned XSP platform – without the burden of deploying, maintaining and operating the software.

The XSPrisa SaaS solution not only delivers reliability and flexibility but also helps reduce costs and optimize internal IT resources. While transforming capital expenditure into operational expenses, it allows you to concentrate on your core business goals.

High-speed access for rapid growth

XSP combines intelligent software with enterprise-grade, multi-tenant, secure architecture. As a cloud-based solution, XSPrisa is fast to implement, will easily integrate with your existing software and can scale effortlessly in line with your growing business.

Gain with the cloud

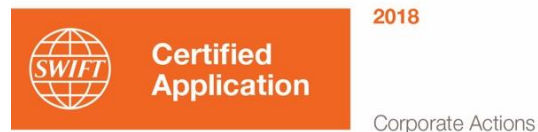

- **Better use of internal expertise**
Free your critical technical resources from managing servers and background processes. Win back the time they need to provide maximum value to your organization.
- **Pay-as-you-go convenience**
Trust in cutting-edge, high-quality technology and robust functionality – but only ever pay for what you need, when you need it.

- **Total security**

Protect your data with a strong framework of the highest standards for cybersecurity, founded upon best practice processes and a global team of skilled industry professionals.

- **Rapid deployment and implementation**

Financial software can be complex. XSPrisa is easy to use and even easier to get started.

FIS' XSP has achieved SWIFT accreditation every year since 2005.
