CHAMPIONING LOCAL ACTION WITH GLOBAL IMPACT

FROM SUPPORTING THE INDIVIDUAL

Starting with the individual, FIS recognizes the interest and passions that drive many of our colleagues to step up to champion causes they support in their local communities and beyond. As these sparks ignite volunteerism and altruism, our CSR team provides the resources and guidance on how to transform colleagues' philanthropic aspirations into reality.

TO RALLYING EACH LOCATION

Taking the efforts of our colleague champions as a starting point, the Global CSR team, campus social committees and facilities teams promote and recruit volunteers to activate initiatives designed to address local issues and make a lasting impact. Campus engagement helps champions bring their visions to fruition in their communities.

AND ALIGNING REGIONAL SUPPORT

Regional similarities in cultural, social and economic needs mean that local projects often dovetail together. Through these organic alignments, local efforts championed by the individual begin to impact an entire region. Our offices share best practices and partner with organizations and charities with a broader reach, bringing our collective actions together to amplify the change.

OUR COLLEAGUES’ EFFORTS HAVE A GLOBAL IMPACT

With a global perspective, the CSR team also curates a giving back program that resonates with all our colleagues, clients and communities and that shares those stories. By starting with individuals around the world, we help turn local action into regional and global impact to benefit our communities. We look forward to sharing our stories of giving back continuing to make a difference today, tomorrow and beyond.

LETTER FROM OUR CEO

The theme of this year’s report is “Creating a Legacy of Positive Impact.” If the events of the past few years have taught us anything, it’s that we live in an increasingly interconnected, interdependent global community.

At FIS®, we take our responsibility as a global corporate citizen very seriously. One of our core values as an organization is to Be the Change, pushing ourselves to take bold actions that challenge the status quo, innovate on behalf of our clients and colleagues, and give back to those in need. We do that by taking a proactive leadership role in supporting the communities where we live and work.

Highlighted in these pages are just a few of the ways FIS and our employees around the world are devoting our time, talents and resources toward building a more inclusive, diverse, sustainable society. From working to ensure no one is left behind in the transition to a digital economy, offering free financial literacy and training programs, supporting groundbreaking research into blood and breast cancer, and running food and school supply drives in our local communities, FIS is dedicated to making a lasting impact in the world.

Our philanthropic efforts go well beyond the financial support we provide to these causes. In 2022, FIS colleagues around the world utilized tens of thousands of paid volunteer hours – an increase of 45% from the year before – to actively participate in giving back programs in their local communities.

In addition to the stories outlined in this report, I encourage you to check out our annual Global Sustainability Report, which highlights FIS’ efforts and progress in advancing sustainability through our comprehensive environment, social and governance (ESG) program.

It truly takes a village to build a better, more equitable and abundant world. At FIS, we are committed to doing our part.

CHANGING THE GAME WITH INNOVATION

In the years since FIS became a publicly traded company in 2000, our platform and underlying technologies have experienced unprecedented growth. We have invested heavily in unique and innovative technology that is the foundation of our business today.

We’ve leveraged our platform and our focus on innovation to deliver sustainable growth and profitability. In 2022, we delivered a 22% revenue increase on top of a 32% increase in the prior year. We increased Adjusted EBITDA by 18%, which is over $300 million higher than the Adjusted EBITDA we reported in 2021.

Our performance is a direct result of the focus and dedication of our employees, to whom I am very grateful.

WE ARE POSITIONED TO WIN

Over the last year, we have made significant progress as a company and as a brand. We recently entered into a definitive agreement to acquire the Liberty Global Payments business from Liberty Global for $4.9 billion. The transaction, which is expected to close in the second quarter of 2023, is expected to be highly accretive to our earnings.

We continue to invest in innovation and digital transformation, and remain committed to driving sustainable growth. We are well positioned to win in a dynamic and evolving market environment.

CONCLUSION

We remain focused on executing our vision for FIS – to become the most innovative, market-leading payment solutions provider in the world. We look forward to continuing to deliver strong results for our shareholders, employees, clients and communities.

STEPHANE LECLERC

MERCHANT SOLUTIONS
Powering global commerce.
No. 1 Global Merchant Acquirer

We accept payments in:
135 currencies across
225 markets in
146 countries
GIVING BACK TO OUR 3Cs

COLLEAGUES, CLIENTS AND COMMUNITIES

A CONSISTENT FOCUS ON OUR 3Cs

FIS’ purpose is to help businesses and communities thrive by advancing commerce and the financial world. Driven by our core values, FIS® continued to focus on our 3Cs and change our communities for the better.

COLLEAGUES

FIS’ inclusive and diverse workforce united a tapestry of unique individuals who collectively better served their local communities. This sense of being valued and belonging created volunteer efforts that connected colleagues on a local, regional and global level.

CLIENTS

As a critical infrastructure provider, FIS has a responsibility to keep the world’s financial systems and economy running. We worked to support our clients to not only keep their businesses running and better serve their customers, but also sought ways to partner with them for the advancement of our local communities.

COMMUNITIES

Our Giving Back stories capture how our FIS colleagues devoted their time, talents and resources to help communities thrive. They found new, innovative ways to get things done, collaborating across departments and locations to amplify their impact.

Our core values drive how FIS colleagues work together to deliver our purpose each and every day, always striving to:

• Win as One Team
• Lead with Integrity
• Be the Change

Our Be the Change core value encompasses our long-standing commitment to give back to the communities where we live and work. Through our giving back initiatives, we aim to make a positive impact on the world.
Around the world, our FIS colleagues support their local communities through volunteerism and fundraising. Each effort is unique, but together they demonstrate our core value to Be the Change for important causes our team members are passionate about. Through their collective actions locally, they made a global impact, improving the lives of thousands. Explore their stories to discover how FIS employees made a difference in 2022.

**SINGAPORE**
FIS Singapore volunteers packed more than 3,000 food packs for distribution to the less fortunate neighborhoods in the city.

**TLALNEPANTLA, MEXICO**
FIS Mexico colleagues joined local children and families to play together and learn about values like respect, embracing our differences and achieving a more inclusive community.

**KYIV, UKRAINE**
An FIS global fundraiser raised more than $200,000 for shelter, food and medicine to refugees fleeing the war in Ukraine.

**DENVER, COLORADO**
Helping to eradicate weekend hunger for kids, FIS colleagues help set up and bag thousands of PowerSacks to be distributed at Denver area Title I schools.

**JACKSONVILLE, FLORIDA**
FIS Jacksonville colleagues served dinner to volunteers at a camp for children, teenagers and adults with intellectual and developmental differences and other disabilities.

**CINCINNATI, OHIO**
A Cincinnati team spent the afternoon sorting and preparing clothing and items for the charity’s shop, where needy families can “shop” free of charge.

**JOHANNESBURG, SOUTH AFRICA**
An FIS colleague-driven donation drive funded breakfast packs for the student population at Success Katlego Academy for several weeks, ensuring no student starts the day with an empty stomach.
BELGRADE, SERBIA
FIS Serbia colleagues collected 270+ pounds of hard plastic that were sold to raise funds in order to help buy orthopedic equipment for people with disabilities.

GATESHEAD, ENGLAND
50+ FIS colleagues volunteered hundreds of hours to create memory boxes with items that grieving families can use to create memories of their children lost to miscarriage and stillbirth.

DUBLIN, IRELAND
Colleagues in Ireland volunteered to revitalize the garden at Rockmount Care Centre, which offers respite day care to those with Alzheimer’s and other dementia-related illnesses.

We couldn’t do what we do without the volunteer support from FIS and the many companies in the northeast of England.

Bob McGurrell, 4Louis

BELGRADE, SERBIA

GIVING BACK TO OUR 3C’s

MUMBAI, INDIA
FIS established a partnership with CRY, an organization that works for child rights in India. The partnership supported student counseling to prevent students from dropping out, remedial coaching for slow learners and football activities for adolescent girls to promote gender equity. Through the course of the year, 6,000+ students were supported in Mumbai and several other cities.

GURUGRAM, INDIA
FIS sponsored HelpAge India’s mobile health services project in Gurugram and Pune, which provides individuals in urban slum communities with access to basic no-cost healthcare services.

MAKATI, PHILIPPINES
In December, FIS Philippines colleagues donated 2,109 shoeboxes full of school supplies to equip less-fortunate children with educational materials.

We couldn’t do what we do without the volunteer support from FIS and the many companies in the northeast of England.

Bob McGurrell, 4Louis

Mary Hussey, Nurse Manager
Rockmount Care Centre

Rockmount Care Centre is extremely grateful to the Worldpay from FIS volunteer force who worked long and hard with our team to complete the project with their enthusiasm and cheerful nature, made it a very enjoyable day.

Mary Hussey, Nurse Manager
Rockmount Care Centre

Local Action, Global Impact
FIS Gives Back Report 2023
LOCAL ACTION, GLOBAL IMPACT

SÃO PAULO, BRAZIL
FIS Brazil colleagues gave 436 holiday gifts for A.A. Criança to distribute to low-income children in São Paulo, Jundiaí and Barueri.

PARIS, FRANCE
FIS Paris colleagues lent a hand in a Paris supermarket to collect food donations for the largest food bank in France.

ST. PETERSBURG, FLORIDA
FIS colleagues volunteered with Trinity Cafe, Feeding Tampa Bay’s free full-service restaurant for those in need of a healthy meal, 365 days a year.

ATLANTA, GEORGIA
FIS Atlanta colleagues volunteered at to provide meals to those in need in the local community.

SYDNEY, AUSTRALIA
Raised $1,799, to support disadvantaged children and young people, some of whom have experienced abuse, neglect, poverty and homelessness.

It takes away the stress from struggling families about having to provide for their children. They can simply enjoy the fun and excitement of Christmas.
Jodie, Barnardos Family Support Worker
More than one billion adults around the world lack access to banking, and by identifying and supporting opportunities to build financial inclusion, FIS can help reduce poverty and improve lives, especially those of poorer women. These efforts also align with several United Nations Sustainability Goals.

FINANCIAL LITERACY PROGRAM
FIS provides online financial literacy education and training for free to our colleagues and clients and to community organizations. It provides learners with practical knowledge, skill-building opportunities and resources to manage finances with confidence.

Young Adult Program: An interactive, online, mobile-friendly program focuses on learning the basics of personal finance and building a positive relationship with money.

Adult Program: Information for adults starting or changing careers, and adults going through significant life events such as expanding their families or purchasing or renting their first homes.

JUNIOR ACHIEVEMENT
FIS has built a strong partnership with Junior Achievement (JA), whose purpose is to inspire and prepare young people to succeed in a global economy.

JA has been an integral part of our efforts at KIPP Bold City High School, through programs like JA for a Day and JA Personal Finance. Additionally, students explored career opportunities through a virtual tradeshow. In the 2021/22 school year, 291 ninth graders participated in these programs.

FIS supported JA of Greater Washington and JA of Wisconsin to give young people a foundation in personal finance and the skills to be successful in their life’s journey. FIS funding and colleague participation enabled over 1,000 students to attend the JA Finance Parks, which inspire, guide and teach students how to be financially capable and ready to take on their futures.
FIS APPRENTICE PROGRAM – BRAZIL

FIS has become a place of opportunity for young people in Brazil by working in partnership with two institutions, Pro Morato and SENAC, on an apprenticeship program. The program's purpose is to prepare youth for possible employment and growth at FIS and align them with our culture and values. This opportunity helps shape a positive future for these students through experiences in the professional world.

Below are stories from apprenticeship program alumni on how their lives were transformed.

Fernando Gonzaga
After 23 years of intense work and learning, I became a leader in Latin America with a solid career, excellent training and professional experience.

Paula Caitano
I joined FIS as an apprentice at the age of 15, and through a lot of effort, dedication and learning, today I am LATAM Procurement Manager.

Gisele Marques
The possibility of working in a company like this, for a young woman from a simple family who has always studied in public schools, was the turning point in my life and in my career.

Isabela dos Santos
In 2019 I had the opportunity to join the company as an apprentice; now, at the age of 20, I have a degree in human resources technology management, and I would like to thank all the people who believed in my potential.

Kemilly Silva
My history at FIS began in March 2019, when I had the opportunity to enter the apprentice program working in the medical clinic. After the end of the contract, I was employed in the role of TPO associate, acting in the same sector.

PROJECT PROSPER

FIS St. Petersburg provided charitable support for Project Prosper which focuses on providing financial education programs tailored to the unique needs of adult refugees and immigrants in the Tampa Bay community.

FIS GIVES BACK REPORT 2023

SIFMA FOUNDATION – CAPITOL HILL CHALLENGE
Each year, with the full participation of Congress, the SIFMA Foundation hosts the Capitol Hill Challenge (CHC), inviting thousands of public school students nationwide to participate in an online competition that instills a deeper understanding of personal finance and economics.

In 2022, FIS’ John Avery, volunteered with the CHC. He visited Benjamin Franklin Middle School in Teaneck, New Jersey and was joined by U.S. Rep. Josh Gottheimer (N.J., 5th District). John introduced FIS and what we do in the financial world, and Rep. Gottheimer spoke on the importance of financial education, fiscal policymaking and capital markets.

SENIORS ON A MISSION

For older adults, the “digital divide” is real. Uncomfortable with technology, many older adults struggle to keep up with family and friends and access vital resources like telemedicine, banking and retirement accounts. In Jacksonville, Florida, our volunteers partnered with Seniors on a Mission to spend time getting people acquainted with technology and helping reduce digital inequality.

Paying It Forward with Project Prosper
In 2000, FIS’ Mladen Vladic came to the United States, escaping the civil war in former Yugoslavia (Croatia). With the help of the UN, U.S. State Department and Catholic Charities, he arrived with $200, two bags, no friends, no family and no knowledge of the English language.

Losing everything in the war challenged Mladen, but the support and assistance he received in the U.S. made him a stronger, better person. Tapping into FIS Gives Back culture, and his desire to pay it forward, he built a business case for Project Prosper, resulting in FIS’ sponsorship of its fall fundraising event.

Losing everything in the civil war and starting over was difficult, especially during my teenage years. I felt it was my obligation to find a way to help the next generation of immigrants and refugees coming to the United States. I’m proud FIS is a company that cares about the value of Giving Back by sponsoring this event, but also employing this type of workforce. It makes FIS a better, more inclusive and diverse workplace.

Mladen Vladic, Head of Products and Services (HoPS) Loyalty Solutions, FIS

Fernando Gonzaga
After 23 years of intense work and learning, I became a leader in Latin America with a solid career, excellent training and professional experience.

My history at FIS began in March 2019, when I had the opportunity to enter the apprentice program working in the medical clinic. After the end of the contract, I was employed in the role of TPO associate, acting in the same sector.
STEM Diversity

AMERICAN HEART ASSOCIATION – STEM GOES RED
The American Heart Association is working to engage more women in STEM through STEM Goes Red, which provides young women the chance to learn more about exciting STEM career opportunities, find inspiration in the women executives paving the way, network and meet career mentors passionate about guiding tomorrow’s leaders. FIS was the presenting sponsor for an extraordinary group of 100+ eighth grade girls, including students from KIPP Impact Academy. FIS’ Kara Hill, chief client advocate, hosted the event.

STEM2 HUB
For over 5 years, FIS has invested $200,000 to support the expansion and development of STEM programs throughout Northeast Florida by sponsoring STEM2 Hub. STEM2 Hub envisions high-quality, culturally relevant STEM2 learning experiences for every child and young person. Part of the organization’s vision is to provide inclusion activities that address the specific needs of young people who have experienced historical biases against their race, culture or gender.

Over $1 million donated by FIS colleagues and the FIS Foundation since 2011 to support heart health, especially in women, and to encourage young girls to explore STEM careers.

BUILDING STRONGER COMMUNITIES
BY ADDRESSING LOCAL NEEDS
EDUCATION AND CHILDREN’S SERVICES

FIS understands that education enables upward socioeconomic mobility and is a key to escaping poverty. We direct our support to programs that enable our educators, but more importantly, provide opportunities for underserved communities and young girls to pursue higher education and STEM careers. Beyond our educational support, FIS and its colleagues support, volunteer and raise funds for youth organizations that encourage physical, emotional and mental well-being.

FIS sponsored SOS’ flagship Family Strengthening Program, which assesses families and creates road maps for continued child education and sustained family income.

In 2022:

493 CHILDREN were provided with basic education materials.

186 CHILDREN all first-generation learners, received regular tuition support.

375 families in India were provided with basic food needs to ensure proper nutrition and basic hygiene assistance.

74 families received assistance to improve their monthly incomes, credit and avoid falling into poverty.

75 families were linked to government social security programs of India for the low-income groups.

FIS sponsored 221 students in Bengaluru to continue their education and helped provide enhancements to the school’s infrastructure including a computer lab and school bus.

FIS awarded 25 scholarships in Bengaluru to cover education, nutrition and other co-curricular activities in a marginalized community.

FIS supported around 1,000 students in Mission Education centers serving socially and economically challenged families in Pune, Mumbai, Bengaluru and Chennai.

FIS again partnered with the TaxSlayer Gator Bowl and the College Football Playoff Foundation to honor Duval County’s “Most Valuable Teachers,” awarding $1,000 awarded to a Most Valuable Teacher each week throughout college football season and honoring the awardees on-field during the game.

In 2021, FIS announced its partnership with KIPP Bold City High School as part of our “Adopt a School” initiative the school’s opening.

As the 21/22 school year ended, FIS provided refreshments and other support to students during exams and celebrated teachers with an appreciation lunch. During the 22/23 school year, FIS delivered a financial literacy program, hosted a table at the career fair, and sponsored the KIPP Family Feud night fundraiser. FIS is also assisting KIPP with the launch of its Cyber Security Certification Program.
FIS INCLUSION NETWORKS JOIN TOGETHER FOR A NATIONAL SCHOOL SUPPLY DRIVE

The FIS Inclusion Networks, led by FIS Aspire, the rising professional’s inclusion network, organized a school supply drive in several U.S. cities, equipping future leaders with $6,000+ in educational materials to start their school year successfully.

FIS colleagues in London rallied together to help students in the underserved community of Towers Hamlet learn more about the corporate world. In partnership with the SWITCH, volunteers participated as role models and writing partners to pupils aged 8-11.

CINCINNATI COLLEAGUES ADOPT A CLASS

Our Cincinnati office volunteered with Adopt A Class, mentoring 100+ underserved students on topics like college, employability, career development, STE(A)M, budgeting, and more.

Throughout the world, our colleagues partner with local organizations and charities to take action and make a difference in their communities. These local microactions unite to make a global impact, improving the lives of thousands in the communities where FIS® colleagues live and work.

The Children’s Christmas Party of Jacksonville hosts an estimated 4,200 children every year, fulfilling holiday wishes for toys. This year, FIS colleagues volunteered to set up the convention center for the event, and on the day, the FIS team joined an estimated 600 volunteers to distribute toys.

BUILT FOR BOLD: FIS LEADERS AND SALES BUILD BETTER COMMUNITIES BRICK BY BRICK

FIS leaders and sales colleagues rallied together to support STEM education in Orlando-area schools. FIS matched donations dollar for dollar, raising over $80,000.
ST. PETE CAMPUS HOSTS 6TH ANNUAL FIS PATRIOT GOLF TOURNAMENT

Colleagues in St. Petersburg, Florida hosted its signature fundraising event, the FIS Patriot Golf Tournament. Clients, vendors and colleagues participated and supported, with 218 golfers participating and raising $61,275.63, for three charities: Fisher House, Support the Troops, and Southeastern Guide Dogs.

HEALTH AND HUMAN SERVICES

The need for health and human services is universal, and FIS colleagues have consistently stepped forward to give back and help to improve the wellbeing of those in their community, especially the underprivileged. These efforts have supported ongoing research, regulatory action and the provision of general health programs and services – covering mental, physical and communal well-being – as well as supporting those affected by natural and man-made disasters. Here are some examples of our colleagues in action around the globe.

Championed by FIS’ Fred Csaky, a nine-year survivor of pancreatic cancer, team FIS has participated in and volunteered for the PurpleStride fundraising walk since 2017. To date, the team has raised $35,000+ to fight pancreatic cancer. The St. Pete campus also hosts an annual Pancreatic Cancer Awareness Week to share information about pancreatic cancer.

FIS celebrated the 15th year of the DONNA Marathon Weekend – an event that raises funds for underserved breast cancer patients and their families raising more than $55,000.
FIS donations provided free healthcare to more than 2,500 patients in Pune and Gurugram, including 15,000+ medical procedures and treatments.

Man/Woman of the Year
This year, FIS’ own Sunil Ancha was recognized as the Man of the Year for raising close to $60,000.

Light the Night
For patients and their loved ones, LLS Light the Night Walk offers hope instead of helplessness, connection instead of loneliness, and life-saving research and support at every step. FIS colleagues come together in cities across the U.S. - including Jacksonville, Atlanta, Milwaukee and Cincinnati - to raise awareness and hope.

February is American Heart Month, and on the first Friday the U.S. comes together, igniting a wave of red from coast to coast. Our colleagues joined in the fun and rocked their red in support of heart health for the American Heart Association’s Go Red campaign, which unites millions of people for a common goal: the eradication of heart disease and stroke.

This year, the AHA campaign in FIS’ headquarters city of Jacksonville, raised $132,000 to help end cardiovascular disease in women.

Additionally, every year our Cincinnati colleagues join forces with AHA for the annual Heart Mini-Marathon and Walk. This multi-month fundraising campaign includes pop-up stores from Fleet Feet and fundraising exercise classes from Pure Barre. Together as FIS, we raised $27,500+ with 133 registered team members across 17 FIS teams. Over the last five years, the Cincy teams have raised over $140,000.

FIS colleagues raised $6,200, more than triple their original $2,000 goal, for The Ronald McDonald House Charities, which provides free “home away from home” accommodations for families of underserved children who are in the hospital, relieving the costs of long commutes and hotel bills.

In its eighth year of support to bring attention to prostate and testicular cancer and men’s mental health, FIS colleagues said “no” to shaving in the month of November, raising $5,000 to support these worthy causes.

This year, the AHA campaign in FIS’ headquarters city of Jacksonville, raised $132,000 to help end cardiovascular disease in women.

Together as FIS, we raised $27,500+ with 133 registered team members across 17 FIS teams. Over the last five years, the Cincy teams have raised over $140,000.
ENVIRONMENT

In summer 2022, FIS hosted our global giving campaign, It Takes a Lot of Blue to Be Green. We asked colleagues to act locally and collectively to make a global impact on the world’s most necessary resource, water.

As a result, hundreds of colleagues collected over six tons of waste around the world and donated thousands of dollars – matched by FIS – to UNICEF to give Ukraine refugees access to clean water and to Plastic Oceans to support their ongoing efforts to rid oceans of harmful plastic.

In 2022, FIS chose five office locations to host Give Back events alongside our clients: Jacksonville, Cincinnati, Milwaukee, London and Mumbai. Colleagues could also participate virtually if they could not attend one of the five events in person.

**Cincinnati, Ohio**

Cincinnati colleagues volunteered with client partners Kroger and Fifth Third Bank at Matthew 25 Ministries, an international humanitarian aid and disaster relief organization helping more than 20 million people in need each year.

**Jacksonville, Florida**

At FIS headquarters in Jacksonville, colleagues joined client partners Vystar, TIAA, Jacksonville Jaguars and Jacksonville Jumbo Shrimp to collect and distribute kits containing food, personal care items and financial literacy information to the underserved in the community.

**Milwaukee, Wisconsin**

Colleagues joined client partners TransFund, First Business Bank, Johnson Financial Group and BMO Harris to help Feeding America Eastern Wisconsin, the leading hunger-relief organization in the state.

**London, UK**

London colleagues got together with client partners Marks & Spencer and Reach to hold a food drive to support two local pantries, The Trussell Trust and Waterloo Foodbank.

**Mumbai, India**

Mumbai colleagues joined client partner PayNext to volunteer with the Rishi Valmiki Eco School to aid 1st through 8th grade students with cognitive skill development.
