

# UNTANGLING YOUR PAYMENTS TECHNOLOGIES

Don't let the twists and turns of integrated payments tie you down. Mix our leading expertise into your business to simplify everything about making and taking payments – so you're free to run your business.

## Innovative solutions meets expert care

### Strong security

Get the confidence of full-range protection that helps keep sensitive card data safe at all points of the transaction, ensuring customer information – and your business – remain secure.

### Streamlined operations

Our payment processing comes built into the most popular POS systems for the retail industry, so you'll get fast transactions, quick funding, and detailed, on-demand reporting – all from day one.

### Added acceptance

Give your customers the freedom and satisfaction of paying with their preferred payment method. Easily accept credit and debit as well as gift and the latest in mobile and contactless payment technology for more business and more choices for your customers.

### Reliable support

We're here to help you quickly resolve any payment issues. With helpful troubleshooting, actionable alerts, and our comprehensive, 24/7 phone and email support, even on major holidays, you never have to go it alone.

## Get back to business

In today's busy world, you don't have time to become a payments expert – you need a payments partner who understands your business and can give you the edge over the competition. Leave the hassle behind. Leave the payments to us.
