

FIS Digital One™ Commercial

Unlock engaging commercial banking experiences with a flexible, core-agnostic platform

Digital One™ Commercial provides an intuitive, thoughtfully designed digital commercial banking platform to offer the right services for all the business segments you serve. With its depth of product functionality, security features, branding and customization by customer type, you can offer your entire business customer base the same benefits that previously required significant investments. Our 100% open API-driven services provide future flexibility for your bank's marketplace, partner and customer integrations:

- Embedded banking solutions to place your banking services at your customers' fingertips
- Fast and easy payments and liquidity management with deep, rich feature function and intuitive, easy-to-use workflows
- Full-service, scalable API ecosystem offering seamless, stable and secure integrations with popular business platforms and fintechs
- Sophisticated configurability to build services and connected experiences to fit any business persona or segment

The FIS advantage

FIS® is your strategic digital banking partner, delivering agile, innovative solutions and streamlining business processes for measurable cost savings and improved revenue. Our flexible approach to product definition, with our intuitive, responsive user interface, gives institutions the agility to rapidly launch innovative products in a timely manner, with little impact on IT. Digital One™ Commercial delivers a platform-based approach via open APIs, which allows innovation via collaboration. Our platform offers a wide range of functionalities to satisfy the sophistication of large corporations and the mobility of small businesses, with complete transactional services to:

- Pay bills and initiate transfers
- Make domestic, international and real-time payments
- Leverage fintech integrations for end-to-end workflows
- View real-time and historical account balances
- Utilize hybrid mobile apps for iOS and Android
- Review and project liquidity and real-time cash forecasting
- Create customized reports with comprehensive reporting and analysis features
- Utilize full check and file services capabilities
- View online statements and images

No matter what type of customer you serve, a holistic experience allows users to interact easily across all devices to manage their cash management position wherever and whenever they want.
